This exploded view diagram illustrates the assembly of a portable electronic device, likely a handheld radio or scanner. The components are numbered as follows:

- 1**: Main chassis or frame.
- 2**: Small screw or fastener.
- 3**: Long, narrow component, possibly a battery pack or antenna base.
- 4**: Small component, possibly a switch or button.
- 5**: Small component, possibly a switch or button.
- 6**: Small screw or fastener.
- 7**: Small component, possibly a switch or button.
- 8**: Small component, possibly a switch or button.
- 9**: Small component, possibly a switch or button.
- 10**: Small component, possibly a switch or button.
- 11**: Small component, possibly a switch or button.
- 12**: Small component, possibly a switch or button.
- 13**: Small component, possibly a switch or button.
- 14**: Small component, possibly a switch or button.
- 15**: Small component, possibly a switch or button.
- 16**: Small component, possibly a switch or button.
- 17**: Small component, possibly a switch or button.
- 18**: Small component, possibly a switch or button.
- 19**: Small component, possibly a switch or button.
- 20**: Small component, possibly a switch or button.
- 21**: Small component, possibly a switch or button.
- 22**: Small component, possibly a switch or button.
- 23**: Small component, possibly a switch or button.
- 24**: Small component, possibly a switch or button.
- 25**: Small component, possibly a switch or button.
- 26**: Small component, possibly a switch or button.
- 27**: Small component, possibly a switch or button.
- 28**: Small component, possibly a switch or button.
- 29**: Small component, possibly a switch or button.
- 30**: Small component, possibly a switch or button.
- 31**: Small component, possibly a switch or button.
- 32**: Small component, possibly a switch or button.
- 33**: Small component, possibly a switch or button.
- 34**: Small component, possibly a switch or button.
